Occurrences involving a person(s) with a mental health qualifier

- Over the past few months there has been a steady rise in Mental Health related incidents. There has been recording changes in the FCR from May 2020, the extended use of the auto tag facility has increased the number of mental health qualifiers applied.
- Incidents with a Mental Health tag have accounted for 14.36% of all incidents in the last 22 months and have accounted for 21.44% of all incidents in July 2020.

Incidents with highest number of Mental Health Tag (01st September '18 – 31st July '20)

Description	Volume with mental health tag	% of All Type of Incidents
CONCERN SAFETY	10378	44.21%
MISSING PERSON	1515	6.45%
DOMESTIC INCIDENT	2320	9.88%
VIOLENCE	2947	12.55%
ASB NUISANCE	1290	5.49%

Incident data (left) relates to the initial police response where Mental health presented and was tagged on the incident

Use of police custody as a place of safety

Police custody must only be used for s136 MHA detainees in highly exceptional circumstances, e.g. genuinely unmanageable risks of resistance, aggression, violence or escape, or if also detained for an offence. We scrutinise every use of custody in these circumstances.

The below volumes have been reviewed and changed. Previously any s136 detention that occurred in custody has been counted, however, all but the below incidents, custody was not actually used as a place of safety. The incident occurred whilst in custody before the individual was transferred to a recognised Health Based Place of Safety and as such custody was never used as a Place of Safety. In these cases, the mental ill-health of the detainee was identified after their arrival at a custody suite.

CRIME FOCUS – Domestic Abuse (Last 3 years)

District	Total
Blank	33
Craven	967
Hambleton	1660
Harrogate	3201
Richmondshire	965
Ryedale	1064
Scarborough	4666
Selby	2192
York	5380
Total	20128

- There has been a year on year increase in the volume of Domestic Abuse related recorded crimes since 2016/17. There was a 21.03% increase in the volume of Domestic Abuse recorded crimes between 2018/19 and 2019/20, from 6,351 to 8,043.
- Cases spike at weekends and in the summer months. The majority of reports consist of violence, either with or without injury. Increases are being seen across most age groups but most noticeably in the 16-18 range and also child on parent offending. The changes to the definition and scope of domestic abuse have in part contributed to the increase. For example, the reduction of the lower age limit from 18 to 16, and the introduction of offences of controlling or coercive behaviour have affected recording levels.
- Domestic abuse related stalking and harassment is also prevalent with continued frequent contact by telephone or online continuing the controlling elements of the former relationship after it has ended. Increases are also being noted in the reporting of non-recent offending in a domestic setting but this remains less than 10%. There is no longer a time limit on abuse evidence, which previously stood at five years. Additionally, the range of documents accepted as evidence of abuse has been widened to include statements from domestic violence support organisations and housing support officers. It has been noted that investigations are tending to deal with multiple crime reports as non-recent crimes are increasingly reported as part of current investigations.

- ASB incidents have seen a significant increase in all SNCs. Cov19 related Incidents have all been recorded as ASB which may explain the increase.
- PSW type incidents have significantly decreased across all SNCs which can be attributed to the current pandemic.

Proactivity: How has proactive policing contributed to control strategies? (July 2020)

Split of 280 hours appointed to FSU

FSU activity varied greatly over the last six months and was affected by the impacts of the pandemic. To safeguard specialist officers and maintain national capability, their use was amended accordingly. Postponement of training freed up officers as did the Forcewide incident attendance policies which saw deployment to fewer incidents, in accordance with social distancing and other related regulations. The gradual reintroduction of training and relaxation of the regulations has enabled FSU to return to wider activities in recent weeks.

Split of 844 hours appointed to OSU

Split of 1718 hours appointed to RPG

Rural Task Force

Caring for the Vulnerable

We continue to offer mental health support and signpost the interventions available to those suffering with mental health issues in rural communities. We have a campaign planned to raise the profile of this area again later in the year. Also the Mental Health forum is scheduled for July at the Friarage Hospital.

Rural Vulnerability Forum being developed to address concerns about various aspects of vulnerability in the rural community, and how support can be given to rural victims who fall short of the threshold for support by Victim Support. There is due to be the roll out of a Pilot scheme in The Dales later in the year.

Training around domestic abuse was delivered to RSPCA partners and was well received. This may lead to a roll out of similar training; nationally to the RSPCA, to other relevant partners, and on other areas of vulnerability.

We are working at the moment to develop how the whole Proactive Policing department can further assist with the Domestic Abuse strand of the Control Strategy. Vulnerable victims have recently been identified and appropriate referrals have been made.

Property Marking Events are regularly held to provide reassurance and a deterrent against theft.

Ambitious Collaboration

We have developed a new problem solving plan for poaching, Operation Figaro, which is being rolled out involving community protection warnings and notices. Operation Checkpoint was put on hold due to restrictions. But we have had a very successful Op Galaxy working cross-border with Humberside.

We have also been working successfully with West Yorkshire to arrest rural burglars and recover stolen vehicles in Richmond and Ingleton.

Op Owl raising awareness of bird crime. PS512 Grainger coordinated this nationally which involved 26 forces last year, resulting in over 7.5million social media interactions over the weekend. A National virtual Op Owl day was held this year due to restrictions.

Members of the team have been working with the Environment Agency conducting a warrant at a commercial premises investigating illegal dumping of waste.

Work ongoing with partners to disrupt criminal activity of OCGs especially Op Existence, involving National Food Crime Unit and Trading Standards.

The team continues to work with the RSPB, Natural England and the laboratories at FERA in York and SASA in Edinburgh investigating raptor persecution.

Reinforcing Local Policing

Identify and support local priorities including proactive patrol, in particular in response to recent issues of raptor persecution.

Op Extractor is an ongoing OCG management into group committing rural burglaries in the north of county. 4 offenders have been charged with 39 offences and are awaiting trial.

Op Existence investigation into livestock theft and subsequent sale, OCG management and working with partners such as NFU and Environmental Health to tackle OCG. Recent arrests have been made in regards to this group and extensive enquiries are ongoing, the principal offender is back in court in September.

Further arrests have been made in Cleveland, South Yorkshire and West Yorkshire recently, with officers proactively following up enquiries rather than waiting for neighbouring forces to act on information. This has also resulted in stolen property including quad bikes and agricultural equipment being returned to owners.

Members of the team have been down into Humberside on several occasions recently, arresting suspects for a series of thefts from cars in rural locations.

There has been a successful bid to the Safer Streets Fund to obtain over £500,000 for burglary prevention work initially in the Whitley Ward.

Enhancing Customer Experience

Mobile Rural Watches (MRW) are now established in all districts of North Yorkshire, their activity being collated under Op Harvester. WhatsApp is being used very successfully to support these groups and has been pioneering in both gathering intelligence and providing reassurance to communities, there are now 25 groups set up. This will soon be across all Watch schemes. There are 3 new watch schemes. The latest being in Thixendale.

Recent successes when working with the MRW have included the discovery of a quad thief from Cleveland in the back of a van in Helmsley and the arrest of a gang of quad thieves from West Yorkshire in Wharfedale.

Internal SharePoint and Intranet sites are up and running to communicate the work of RTF to police colleagues.

Initial Contact – 999

GLOSSARY

Glossary

- ASB = Anti-Social Behaviour
- CMS = Community Messaging System
- Concern Safety = Concern for Safety – includes all occurrences where there is a concern for an individual's safety or welfare
- Fraud Offences = These are not included in the crime statistics as they are not reported by forces to the Home Office. Instead these crimes are passed to Action Fraud and statistics are collated by that agency
- FSU = Firearms Support Unit
- I Grade = priority assigned by control room for an incident requiring Immediate police response
- KSI = A casualty Killed or Seriously Injured as a result of a Road Traffic Collision on a public road
- MCU = Major Crime Unit
- MHA = Mental Health Act
- Miss Pers = Missing Person
- MO = Modus Operandi
- NPS = New PsychoaSubstances is the official term for Legal Highs
- NTE = Night Time Economy
- OCG = Organised Crime Group
- OSU = Operational Support Unit – a specialist unit which is deployed around the force through tactical bidding process
- OPL = Over Prescribed Limit typically the term used to describe failing a breath test
- PCSO = Police Community Support Officer
- PSW = Personal Safety and Welfare
- Resolved Outcome = A crime where an offender has been dealt with through sanction or restorative justice.
- RPG = Roads Policing Team
- RTF = Rural Task Force
- SNC = Safer Neighbourhood Command – Area of Policing attributed to
- Sus Circs = Suspicious Circumstances – includes Insecure premises and Vehicles
- TIC = Taken Into Consideration is typically where an offender admits to further offences to avoid potentially being pursued for these at a later date.
