Business Safety Activities

**NORTH YORKSHIRE
FIRE & RESCUE SERVICE**

- an overview of the role of the Protection function including assurance, performance and evaluation measures.
- risk-based inspection programme and how building risk will inform the Community Risk Profile and Resource Model.
- effective implementation of learning from the Grenfell Inquiry and use of Home Office funding (Building Risk Review and Protection Uplift).
- provide assurance that the Service engages with partners during the planning stage of high rise developments to consider fire safety at the earliest stages of planning.
