HMICFRS/PEEL Update

- Organisational Improvement Plan has been formally closed with outstanding delivery milestones incorporated into Business as Usual governance.
- Draft PEEL report received for factual accuracy and submitted back to HMICFRS ahead of deadline. Full report publication expected early March.
- Cause of Concern closure letter received from HMI in December.
- Review of governance in progress to capture continuous improvement

NCPI and Upcoming Inspections

- ❑ **7 out of 9 NCPI recommendations returned**

- ❑ **Rec 6 Child Protection Investigations** - Significant area of work much of which is in collaboration with partners. Joint case audits are being completed with both local authorities and are addressed jointly to raise standards, these are now scheduled in quarterly. New areas of training are being identified which are either topic related, investigation planning or training for specialist depts some of which are done by our partners

- ❑ **Rec 7 The forces understanding of CSE-** a large proportion of work has already been undertaken in this area around training for our frontline. A joint working group between Police and both LA's are looking at the processes of identifying and managing children who go missing and are at risk of exploitation to improve the service.
